

Farsound Aviation exhibiting at MRO Middle East

Meet the Aero Engine MRO Supplier of Choice on Booth 1331

Farsound Aviation will be at the Dubai World Trade Centre on 11th and 12th February exhibiting at [MRO Middle East](#).

With rapid fleet expansion, the Middle East region continues to thrive and is currently the world's second fastest-growing MRO market. It is estimated that by 2023, it will be worth some \$7 billion. Responding to that growth, upwards of 3,750 commercial MRO professionals are expected to attend MRO Middle East along with exhibitors from across the world.

As the aero engine MRO supplier of choice, Farsound Aviation is looking forward to the opportunity to promote its ability to deliver a rapid response solution in this vitally important market. Guaranteeing a same-day dispatch for items in its extensive inventory to any destination in the world, Farsound currently specialises in Rolls Royce RB211 (Aero and Industrial) Tay, Spey, Trent 500, 700, 800, 900 and 1000 as well as IAE V2500 engines.
